The PDF field guide

A native reading experience, built with HuxerUI.

ONE DOCUMENT. THREE WAYS TO EXPLORE.

01 View and navigate

02 Find the words that matter

03 Read the underlying text

Make yourself at home

Use Next and Previous to move through this PDF.

Zoom in for detail, or rotate a page to change your perspective.

Try searching for PDF, then open Page text to copy an excerpt.

Open your own file, including a password-protected document.

A NOTE IN THE MARGIN

Toggle Annotations to hide or show this PDF annotation.

Read. Search. Explore.

Every page has more than pixels.

PAGE IMAGES

Scale the PDF page while keeping text and vector shapes crisp.

TEXT SEARCH

Search this page for PDF. Matching is case-insensitive by default.

DOCUMENT DETAILS

The side panel shows title, author, page count, and page size.

A document you can inspect

This PDF contains real text, vector graphics, and an annotation.

The sample is bundled with the app. No network connection is needed.

A wider perspective

Landscape pages, crisp details, and room to explore.

A small set of shapes, at any scale

Try zooming to 200% or rotating this landscape PDF page.
